

Handy Hints for Making the Most of WiSH Resources

The strength of WiSH lies in our supporters. Together, you are the guardians of a vast amount of knowledge, skills, abilities and experience.

The way WiSH makes progress is through providing support, sharing information, and co-operation – and you are a vital part of that!

By increasing the level of collaboration between our supporters, you can help us undertake effective actions that have great impact. Here are just a few ideas to get you started with making the most of our resources and helping us achieve our goals.

Inform WiSH of your activities well in advance

By alerting us to your upcoming meetings, rallies, media events, and campaign launches, you enable us to alert other WiSH supporters and think of ways to raise awareness of what you are doing. Just send a short email to: info@ic-wish.org

Tell us about your recent activism, for the WiSH website

Let us know what is going on, and the results of your activism. Fundraiser? Charity event? Political win? We can post a short report on our website www.ic-wish.org, which receives thousands of hits each month and is frequently accessed by the media. The website is a great way for supporters to stay up to date on what like-minded groups and individuals are doing, and increases our national and international solidarity. Submit your news to: media@ic-wish.org, and please make sure you include photographs or graphics.

Find out what is happening in your region and let us know

Keep an eye on local news and other media for relevant events and information, and establish and use networks among your local community. Let us know who is doing what, so that we can link you with other networks in your area. Send an email to: info@ic-wish.org

Join and make use of the WiSHlist

If you want to stay up to date with what is happening, and contribute your own news and successes, join the WiSHlist! Make use of our alerts, publications, and media releases. To take advantage of this simple, free, and easy way of staying in touch with our activities just send your name, email, and state/province/country of residence to: wishlist@ic-wish.org

Keep WiSH informed of changes in your contact information

The only way we can stay in touch with you is if we have your correct details. If your contact information changes, please let us know as soon as possible at: wishlist@ic-wish.org

Tell others about WiSH

Help WiSH continue to grow by telling other individuals and organisations about us and our network of supporters, and encourage them to visit our website www.ic-wish.org and become part of us!

Use this information in conjunction with our other hints and tips for activists

We offer a range of downloadable resources that can help you get active and maximise your own skills and expertise: www.ic-wish.org/support.htm
